Item 8.01. Other Events

Commercial Paper Program

On September 20, 2019, Motorola Solutions, Inc. (the “Company”) established an unsecured commercial paper note program (the “Commercial Paper Program”) in the United States.

Under the terms of the Commercial Paper Program, the Company may issue, from time to time, unsecured commercial paper notes with maturities that vary, but do not exceed 397 days from the date of issuance (the “Notes”), up to a maximum aggregate amount outstanding at any time of $2.2 billion. The Notes will be sold under customary terms in the U.S. commercial paper market and will rank pari passu with all other unsubordinated and unsecured indebtedness. Any issuances of the Notes will be backstopped by the Company’s $2.2 billion unsecured revolving credit facility. The proceeds of the Notes will be used for general corporate purposes.

The Notes have not been and will not be registered under the Securities Act of 1933, as amended (the “Securities Act”), or state securities laws, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act and applicable state securities laws. The information contained in this Current Report on Form 8-K shall not constitute an offer to sell or the solicitation of an offer to buy the Notes.
Pursuant to the requirements of the Securities Exchange Act of 1934, as amended, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
